1) INSPECTION OF PRODUCT UPON RECEIPT

You must examine all components of the Evolis brand card printer delivered to you immediately upon receipt. In the event that any component is missing, damaged or visibly defective, you must notify Evolis or the Evolis Reseller who sold you the printer within ten (10) days from the date of delivery of the product. If you fail to give notice as required, you will be deemed to have accepted the product and waived any claim you may have against Evolis and/or the Evolis Reseller with respect to damage or defects discoverable at delivery.

2) WHAT IS COVERED

Evolis Card Printer ("Evolis") warrants to the original purchaser that the printer (printer model(s) mentioned above) will be free from defects in materials or workmanship for a period of one (1) year from date of original purchase. The original purchaser must be able to demonstrate the purchase or must register the printer on the www.evolis.com internet site.

If the printer proves to be defective in materials or workmanship during the warranty period, Evolis will choose either, to repair, replace or refund the price paid for the printer. A printer that is repaired or replaced under the warranty period will be warranted for the remainder of the original warranty.

In order to make a warranty claim you must contact an Evolis Reseller. You will be responsible for packaging the printer for shipment and the costs of shipping and insurance of the printer from the point of use of the printer to the Evolis Reseller. The Evolis Reseller will bear the costs of shipping and insuring the printer from the repair location to the address from which the printer was shipped.

The print head is subject to wear and tear. This is a very sensitive component of the printer which lifespan can be shortened in case the neighboring environment of the printer / print head or the cards are not dust-free.

The user will act appropriately to insert cards that are clean, dustproof, and with no dirt.

Moreover, the frequency and quality of cleaning are key in helping user extend the print head lifespan. Please be very careful during cleaning the print head. Stick to the instructions mentioned in the printer user guide.

Evolis warrants that, under normal use and service, the thermal print head supplied with your printer shall be free from defects in materials and workmanship for a period of one (1) year from the date of original purchase of the printer.

In the event a warranty claim is submitted for a defective print head, Evolis reserves the right to inspect the printer, the print head and your blank or/and printed cards for the purpose of verifying that any such claim defect has not been caused by non-Evolis certified ribbons and/or cards that do not meet Evolis specifications, or by foreign particles or substances which have caused abrasion damage. Evolis' decision in any such claim shall be final.

In the event you believe a print head is defective you should call an Evolis Reseller or an Evolis Repair Centre (ERC) for assistance.

In the event the print head is found to be defective, Evolis, as its sole obligation under this warranty, will replace the defective print head or refund the purchase of the print head. The replacement print head will be warranted for the remainder of the original warranty.
